

Dear Supervisor _____:

I write to ask why our county officials have done a complete turn-about. Instead of protecting the peaceful haven and refuge our county has been in the past, why did the Board, county planners and Planning Commissioners indiscriminately offer up our quiet neighborhoods and communities to large-scale cannabis operations and their fringe businesses?

This is a tragedy unfolding in our local communities and we demand accountability of our elected officials and civil servants. We want to know why—knowing this was NOT forced upon SLO County by the State of California—you adopted a LAND USE ORDINANCE regarding cannabis that reverses the safe, protective actions of SLO County Boards and Planning Commissions in our past. PLEASE PROTECT SLO COUNTY NEIGHBORHOODS FROM CANNABIS BUSINESSES NOW.

No commercial marijuana in our neighborhoods. Period.

Respectfully,
